Notes:

1. The county permissive license tax authorized by ORC 4504.02 requires all funds from municipal registrations to be placed in a fund for use by municipalities upon application to the county. These figures include total county receipts before setting aside municipal funds.
2. The county permissive license tax receipts attributed to ORC 4504.15 and 4504.16 reflect total net revenue available to the county after the required distributions to municipalities and townships. Of the tax authorized by ORC 4504.15, 50% of receipts from municipal registrations must be returned to municipality of origin. Of the tax authorized by 4504.16, receipts from all municipal registrations are retained by the county.
3. For registrations in the unincorporated area of the county levied under ORC 4504.15, 30% of receipts must be returned to the

township of origin. For registrations in the unincorporated area of the county levied under ORC 4504.16, normally the county returns 30% of receipts to the township of origin. ORC 4504.051 allows townships and counties to change this allocation percentage.

4. Total county permissive tax includes interest income not reflected in first four columns.
5. Municipal receipts include revenue collected from 4504.06, 4504.17, 4504.171, and/or 4504.172 as well as the portion from county levy 4504.15, if applicable.
6. Township receipts include revenue collected from 4504.18 and/or the portion from county levies 4504.15 and 4504.16, if applicable. The amounts assume the normal 30% allocation to townships under 4504.16.
7. For simplicity of presentation, gas tax, state license tax, and permissive motor vehicle license tax revenues for each county have been rounded to the nearest dollar. Due to rounding error, revenue distributions for each category of revenue may not equal the total distribution amount shown on the table.
