LOCAL GOVERNMENT FUND, UNDIVIDED AND COUNTY SHARE, 2021 & 2022

April 2023

The Local Government Fund (LGF) is the primary means of intergovernmental revenue sharing in the state. A portion of all state income and sales tax revenue (generally 1.66% for the past several years) is deposited into the Local Government Fund and distributed monthly to each county's "Undivided Local Government Fund" (UDLGF). The county undivided LGF is then distributed to municipalities, townships, and the counties themselves through either a standard formula or one devised by the individual county.

County Undivided LGFs are guaranteed at a minimum of either \$750,000 or the amount received in state fiscal year 2013, notwithstanding any reductions due to traffic camera fine withholdings. If a local authority operates traffic cameras, their LGF distribution will be reduced by 8.3% of the gross revenue generated from fines reported as gathered due to the camera.

Distributions from UDLGF for CY 2022 are not yet available, so those columns are not displayed.
