Bulletin 2004-04

November 2004

2005 PAY TABLES FOR COUNTY OFFICIALS

INTRODUCTION

On December 8, 2000, Governor Taft signed House Bill 712 as an emergency measure, and it thus became effective immediately. This legislation provided salary increases to county elected officials along with statewide officeholders, lawmakers, judges, boards of elections officials, and township officials. Following the enactment of this legislation, the County Commissioners Association of Ohio (CCAO) published County Advisory Bulletin (CAB) 00-7, explaining the provisions of House Bill 712. In addition, CCAO published CAB 01-09 stating the salaries for county officials in calendar year 2002; and CAB 02-07 stating salaries for calendar year 2003; and CAB 03-05 stating salaries for calendar year 2004. The purpose of this CAB is to specifically provide the salary tables for 2005.

Since House Bill 712 provided that certain officials would receive cost of living increases in subsequent years based on the Consumer Price Index (CPI) through September of the preceding calendar year, salary tables must be produced annually in the fall, just a couple months prior to the officials receiving the increases. In October 2004, the United States Bureau of Labor Statistics published the CPI at 2.4 percent. This number is used to calculate the cost of living increases provided to most officials in 2005.

This CAB will explain the cost of living increase provision contained in House Bill 712; highlight the various county elected officials' salary provisions; and provide salary tables for calendar year 2005.

GENERAL CONCEPTS OF HOUSE BILL 712 & COMPENSATION IN 2004

Cost of Living Increases. House Bill 712 provided cost of living increases for most county elected officials beginning in 2002 through 2008. In-term auditors and off-year commissioners (who took office prior to December 8, 2000) are the exception to this provision. Their salaries are explained later in this bulletin.

The cost of living increases are based on the percentage increase of the Consumer Price Index (CPI) capped at 3 percent. The CPI is determined over the twelve-month period that ends on September 30 of the immediately preceding calendar year, rounded to the nearest one-tenth of one per cent. Since the federal Department of Labor reports more than one CPI, the Ohio Revised code provides that the "consumer price index" to be used is the index for U.S. city average for

urban wage earners and clerical workers: all items, 1982-1984=100.
Practically speaking, this means:

1. Cost of living increases will be less than 3 percent if the CPI is lower. But, if the CPI is more than 3 percent, the annual increase can only be 3 percent.
2. Annual salaries through 2008 cannot be calculated prior to October of the preceding calendar year. Since the CPI is based on the twelve month period that ends on September 30 of the immediately preceding calendar year, calculations will have to be done on a yearly basis.

The CPI for salary purposes was 1.3 percent for calendar year 2003, 2.3 percent for calendar year 2004, and 2.4 percent for calendar year 2005.

Calculating Elected Officials Salaries on a Calendar Basis. The compensation of all county elected officials contained in the Revised Code is on a calendar year basis. When a term of office is only part of a calendar year, the calendar year salary is pro-rated. (Attorney General Opinion 90-023)

NON-JUDICIAL OFFICEHOLDERS COMPENSATION

Commissioners (ORC 325.10 & 325.18)

In 2005, all County Commissioners will be paid equal pay. Table 1 reflects the 2004 & 2005 salaries for commissioners.

Auditors (ORC 325.03, 325.18 & 5731.41)

Table 2 provides the salaries for auditors in 2004 and 2005.

The 2004 Calendar Year Salary is based on the 2003 Calendar Year Salary multiplied by the CPI (2.3%) and not necessarily the dollar amount earned by county auditors in 2003. In 2003, most county auditors received the 2002 calendar year salary pro-rated between January 1 through March 9. On March 10 when most auditors began a new term of office, they started to receive the 2003 calendar year salary pro-rated through December 31. The exception to this practice is that a county auditor could have received the 2003 calendar year salary if he/she was appointed to their office mid-term after December 8, 2000, when the pay bill legislation (HB 712) was enacted. Nevertheless, the 2004 Calendar Year Salary is based on the 2003 Calendar Year Salary multiplied by the CPI (2.3%).

In addition to the salary provided in Table 2, auditors are to receive 8 cents per capita for each full thousand of population for the first 20,000 and 2 cents per capita for each full thousand over 20,000 not less than \$1,200 nor more than \$3,000, which is paid from the undivided estate tax fund pursuant to Ohio Revised Code Section 5731.41.

Clerks of Courts (ORC 325.08, 325.18 & 2303.03)

Tables 3 and 4 provide the salaries for clerks of courts for 2003 & 2004, respectively. These tables show the county paid and state paid portions of their salaries. The state-paid compensation, which is equal to one-eighth of their county paid compensation, compensates the clerks for serving as the clerk of the court of appeals. The county should appropriate the amount listed under the county paid salary column. The state portion is paid directly by the state to the clerk.

In addition, clerks serving as municipal court clerks and/or county court clerks receive additional compensation. Such clerks are entitled to an additional 25 percent of county paid compensation for serving as either the clerk of the municipal or county court, pursuant to Ohio Revised Code Sections 1901.31 and 1907.20.

Coroners (ORC 325.15 & 325.18)

Table 5 provides the salaries for all coroners in counties with 175,000 or less in population or those coroners in the larger counties who have chosen to maintain a private medical practice. Table 6 shows the salaries for coroners in counties with a population of more than 175,000 who do not have a private medicine practice, who thereby receive higher compensation.

Section 325.15 also provides the process for a coroner to select compensation under the pay schedule for “Coroners Without a Private Practice.” A coroner in a county with a population of 175,001 or more must elect to engage or not to engage in the private practice of medicine before the commencement of each new term of office. A coroner in such a county who engages in the private practice of medicine but who intends not to engage in the private practice of medicine during the coroner’s next term of office must notify the board of county commissioners before taking office again.

Engineers (ORC 325.14 & 325.18)

Table 7 shows the salaries for engineers who maintain a private practice. Table 8 gives the salaries for engineers without a private practice, who thereby receive higher compensation.

A county engineer may elect to engage or not to engage in the private practice of engineering or surveying before the commencement of each new term of office. A county engineer who elected not to engage in the private practice of engineering or surveying may, for a period of six months after taking office, engage in the private practice of engineering or surveying for the purpose of concluding the affairs of private practice without any diminution of salary.

In addition to the salary prescribed by Tables 7 and 8 of this bulletin, a county engineer may also receive compensation when he/she performs services as the county sanitary engineer. Plus, House Bill 549, which became effective on March 12, 2001, enables county engineers to receive additional compensation if they are selected as the county drainage engineer. (ORC 315.14 and 6117.01)

Prosecuting Attorneys (ORC 325.11 & 325.18)

Table 9 provides the salaries of prosecutors who have a private practice. Tables 10 and 11 show the salaries for prosecutors without a private practice, who thereby receive higher compensation.

Tables 10 and 11 show that counties with 70,000 or less in population receive partial reimbursement from the state if the prosecutor does not have a private practice. The state is to reimburse counties 40 percent of the difference between the “without a private practice” and “with a private practice” entitlement each year. In addition, the state is to pay its relative share of employer PERS contributions and employer Medicare Part A contributions. However, reimbursement is conditional upon adequate state appropriations being made for this purpose. This “condition” of adequate state funding being appropriated was a provision added to House Bill 712 when changes were made to the bill in the Ohio House Finance Committee. As a result, counties will be responsible for a portion of the state’s share if the General Assembly does not

appropriate adequate funds for the prosecuting attorneys compensation. House Bill 712 also changed the state reimbursement schedule. The state, through the Attorney General, is to reimburse counties no later than March 15 and September 15 each year. Prior to House Bill 712, reimbursements were paid in equal monthly installments.

A prosecuting attorney may elect to engage or not to engage in the private practice of law before the commencement of each new term of office. A prosecuting attorney is not to engage in the private practice of law unless before taking office the prosecuting attorney notifies the board of county commissioners of his/her intention to engage in the private practice of law. In addition, a prosecuting attorney who engages in the private practice of law who intends not to engage in the private practice of law during the prosecuting attorney's next term of office must so notify the board of county commissioners. A prosecuting attorney who elects not to engage in the private practice of law may, for a period of six months after taking office, engage in the private practice of law for the purpose of concluding the affairs of private practice of law without any diminution of salary as provided in the tables of this bulletin.

Recorders (ORC 325.09 & 325.18)

Table 12 provides the recorders' salaries for calendar years 2004 and 2005.

Sheriffs (ORC 325.06 & 325.18)

Table 13 and 14 reveal the sheriffs' salaries for calendar year 2004 and 2005, respectively. Counties are reimbursed by the state for one-eighth of the county paid portion of the sheriffs' salaries. In addition, the state is to pay its relative share of employer PERS contributions and employer Medicare Part A contributions. Just like the prosecutors' section, the state payment is conditional upon adequate appropriations being made. However, unlike the prosecutors' section, sheriffs will only receive the additional compensation if "adequate funds have been appropriated by the General Assembly"; the county is not on the hook to make up the state's share if the General Assembly did not appropriate enough money.

House Bill 712 changed the state reimbursement schedule. The state, through the Attorney General, is to reimburse counties no later than March 15th and September 15th each year. Prior to House Bill 712, reimbursements were to be paid no later than the 15th of March, June, September, and December. Counties should appropriate the total salary for sheriffs, assuming that adequate funds have been appropriated by the General Assembly, and counties will be fully reimbursed by the state.

Treasurers (ORC 325.04 & 325.18)

Table 15 provides the treasurers' salaries for calendar years 2004 and 2005.

APPROPRIATIONS TO FURTHERANCE OF JUSTICE FUNDS (FOJ)

Sheriff's FOJ Fund (ORC 325.071)

The Sheriff's FOJ Fund must be appropriated at the rate of 50 percent of the sheriff's county-paid salary. Language was included in House Bill 94 in 2001 providing that the appropriation is based only on the county paid portion of the sheriff's salary and does not include the state paid portion.

Prosecutors' FOJ Fund (ORC 325.12)

Appropriation to the Prosecutors' FOJ Fund is at the rate of 50 percent of the total salary the prosecutor receives irrespective of which payment option the prosecutor selects in counties over 70,000 population. In counties where the population is 70,000 or less, appropriations to the FOJ Fund are at the rate of 50 percent of the compensation provided in the pay schedule "with private practice." In these counties, even if the prosecutor is being paid under the "without private practice" schedule, appropriations to the FOJ Fund are still on the basis of the "with private practice" pay schedule.

JUDICIAL OFFICEHOLDERS COMPENSATION

House Bill 712 provided judges cost of living increases from 2002 through 2008. These cost of living increases are the same as granted to the non-judicial county elected officials. Therefore, the increase provided to judges in calendar year 2005 is 2.4 percent. This increase is calculated based on the total salary payable to the judge, exclusive of any amounts payable pursuant to ORC 1901.11(B)(2), 1907.16(C), or 1907.17, but added only to the state's portion of the judges's compensation.

Common Pleas Judges (ORC 141.04 and 141.05)

The compensation of common pleas judges is paid by both the state and the county. The county pays an amount equal to 18 cents per capita. This dollar amount may not be less than \$3,500 nor more than \$14,000 based on the official 2000 Census. See Table 16.

Full-time Municipal Court Judges and Part-time Municipal Court Judges Who Serve a Territory Exceeding 50,000 Population (ORC 141.04 and 1901.11)

The compensation for full-time municipal court judges and those part-time municipal court judges who serve in a territory with a population exceeding 50,000, is financed by the state and local funding authorities. The local share is a fixed amount equal to \$61,750. See Table 17.

Part-time Municipal Court Judges Except Those Part-time Judges Who Serve a Territory Exceeding 50,000 Population (ORC 141.04 and 1901.11)

The compensation for part-time municipal court judges, other than those who serve in a territory with a population exceeding 50,000 is financed by the state and local funding authorities. The amount of the local share is fixed at \$35,500. See Table 17.

County Court Judges (ORC 141.04 and 1907.16)

Again, the compensation of county court judges is covered by the state and the county. The county's fixed share is \$35,500. See Table 17.

Additional Compensation for Judges Designated as a Presiding and Administrative Judges in a Municipal Court or County Courts (ORC references are included in Table 18) See Table 18.

County Optional Compensation for County Court Judges (ORC 1907.17)

In addition to the compensation of county court judges specified in Tables 17 and 18, the law authorizes the Board of County Commissioners to permissively supplement the salary of county court judges by an amount not to exceed \$2,000 in any year. It should be noted that this provision must be uniformly applied in counties with more than one county court judge. Also, this additional

compensation can not be reduced during the term of office of any county court judge, but apparently can be changed at the beginning of a new term of office. (OAG 70-142)

BOARDS OF ELECTIONS MEMBERS (ORC 3501.12)

Members of the county board of elections were provided a cost of living increase in House Bill 712 that was atypical of the other elected officials. Unlike the other officials' whose cost of living increase was tied to the Consumer Price Index and went through 2008, the board of elections members were granted 3 percent increases in 2001, 2002, and 2003. Table 19 shows those increases. At this time, the Ohio Revised Code does not provide any statutory increase in salary for calendar year 2004 or thereafter.

ACKNOWLEDGMENTS

This County Advisory Bulletin was prepared by CCAO. We requested comments from the various associations that represent county elected officials and judges, and many provided valuable comments which improved the bulletin. The Bulletin was also reviewed by the State Auditor's office, which provided comments. Any errors, however, are the responsibility of CCAO alone. Questions or comments should be directed to Cheryl Subler, Senior Policy Analyst, csubler@ccao.org who was primarily responsible for the preparation of this CAB.

7	400,001-1 million	66,469	8,309	74,778
8	over 1 million	68,796	8,600	77,396

**Table 4
Clerks of Courts***

Class	Population Range	2005 Calendar Year County Paid Salary**	2005 Calendar Year State Paid Salary***	2005 Calendar Year Total Salary
1	1-20,000	36,362	4,545	40,907
2	20,001-35,000	39,162	4,895	44,057
3	35,001-55,000	41,957	5,245	47,202
4	55,001-95,000	49,417	6,177	55,594
5	95,001-200,000	56,877	7,110	63,987
6	200,001-400,000	63,403	7,925	71,328
7	400,001-1 million	68,064	8,508	76,572
8	over 1 million	70,447	8,806	79,253

* Clerks serving as Municipal Court Clerks and/or County Court Clerks receive additional compensation. Such clerks are entitled to an additional 25 percent of county paid compensation for serving as either the clerk of the municipal or county court.

** This amount should be appropriated by the county

*** This amount is to be paid directly by the state

Table 5

Coroners with a Private Practice

Class Number	Population Range	2004 Calendar Year Salary	2005 Calendar Year Salary
1	1-20,000	\$20,033	20,514
2	20,001-35,000	22,765	23,311
3	35,001-55,000	25,494	26,106
4	55,001-95,000	37,332	38,228
5	95,001-200,000	46,439	47,554
6	200,001-400,000	57,364	58,741
7	400,001-1 million	64,648	66,200
8	over 1 million	68,528	70,173

**Table 6
Coroners without a Private Practice**

Class Number	Population Range	2004 Calendar Year Salary	2005 Calendar Year Salary
1	1-20,000	NA	NA
2	20,001-35,000	NA	NA
3	35,001-55,000	NA	NA
4	55,001-95,000	NA	NA
5*	95,001-175,000	NA	NA
5*	175,001-200,000	\$104,930	107,448
6	200,001-400,000	104,930	107,448
7	400,001-1 million	107,477	110,056
8	over 1 million	110,024	112,665

* New Class 5 for Coroners without a Private Practice begins with a population of 175,001, unlike Class 5 for the other county elected officials. This difference is due to the fact that the law only allows coroners in counties with a population of 175,001 or more to have the option to earn a higher salary in exchange for forgoing a private practice.
