County Ballot Issue Unofficial Results – November 7th General Election
November 11, 2023

County ballot issues are displayed on three tables: Table A shows special ballot issues, Table B shows property tax levies, and Table 3 shows CCAO Service Corporation energy aggregation issues. Results will not be official until all absentee ballots and provisional ballots are accounted for and tallied, so results may change between now and when the Secretary of State officially certifies election results.

The “mills” column in Table B displays the total mills the levy will represent if passed; for levies that have “...and Increase/Decrease,” the effect of the modification is included.
