The motion was _____ agreed to.

SYNOPSIS

	14
County family and children first council opt-out	15
R.C. 121.37	16
Removes House-added provisions that would have permitted a	17
board of county commissioners to decline to establish or	18
maintain a county family and children first council for the	19
county if it determined all the following conditions existed in	20
the county:	21
-- Alternative programs and services exist to meet the	22
needs of those served by a county council;	23
-- A county council is not or would not be sustainably	24
funded;	25
-- The director of the county department of job and family	26
services, executive director of the public children services	27
agency, and county board of developmental disabilities each	28
recommend a county council not be established or maintained.	29
Removes a House-added provision that would have permitted	30
a board of county commissioners that decided not to establish or	31
maintain a county council to reconsider that decision at any	32
time but required it to be reconsidered within five years.	33
