Counties awarded children services performance incentives

On June 1, the Ohio Department of Job and Family Service announced $5 million in performance incentives to 52 counties for their children services work. The incentives are part of a program to reward counties for meeting certain performance metrics.

The metrics related to two areas: conducting monthly visits with children and parents and the timeliness of assessments and investigations. In each area a county must have accomplished at least 95% of their visits/assessments and investigations or have increased their performance by 10% of a six-month period.

Counties received $48,076 for reaching the metrics for monthly visits and $62,500 for reaching the assessment and investigation metrics.

A list of the counties that received the incentive awards can be found here, along with ODJFS' press release.

OEC considers whether township and village may receive donations from a solar developer

Hartford Township and Hartford Village, Licking County, received an informal opinion from the Ohio Ethics Commission regarding their proposed acceptance of donations from a solar developer with a utility-scale project. The solar project, Harvey Solar I, is grandfathered under the terms of Senate Bill 52 but the township and village are formal intervenors in the case before the Power Siting Board. The solar developer pledged to make various donations to both political subdivisions totaling $4.1 million over the estimated 40-year life of the project. About one fourth of these payments would be provided to the fire department pursuant to a PILOT payment agreement with the county (RC 5727.75(F)) but the remainder were general purpose donations not tied to any specific statutory requirement.

The question considered by the Ethics Commission was whether the township and village could accept the donations from Harvey Solar, in whole or in part, and what restrictions, if any, would apply. State Ethics Law prohibits the acceptance of anything of value that might manifest a “substantial and improper influence” on any public official or employee.

After review, the Ethics Commission allowed the township and the village to accept the donations. This is consistent with prior opinions that allow a business to make a donation to benefit a public agency under certain conditions:

- All donations must be voluntary;
- Donations cannot be promised, offered, or given with the purpose of improperly influencing officials or employees of the recipient agency;
- Agency officials and employees cannot base any official actions or decisions on a person’s or company’s contributions or failure to contribute;
- No agency official or employee can derive any personal benefit or use from the donation;
- Officials and employees cannot endorse or indicate that the agency endorses the donor’s goods or services.

In this specific situation, the crucial circumstance for the Commission was that the developer’s application was not pending before the township or village. Rather, the roles of these two political subdivisions were limited to being parties in a case before the Power Siting Board. Moreover, the terms of their acceptance of the donations did not require either entity to support Harvey Solar’s application.

The implications for counties that are faced with making decisions on solar developments that are fully subject to SB 52 are not clear. On one hand, the advisory opinion notes that SB 52 contains certain restrictions on the actions of ad hoc members of the Power Siting Board that limit the potential for improper influence. Moreover, counties and certain other political subdivisions have general authority to accept gifts under ORC 9.20. On the other hand, the authority of commissioners to declare certain areas off-limits for development, and to disapprove or restrict individual projects, may create a fact pattern that is distinguishable from the circumstances considered by the Ethics Commission in this opinion. CCAO is communicating with interested parties to fully understand the implications of the opinion.

A copy of the opinion may be accessed here. The Power Siting Board map of solar projects is available here.

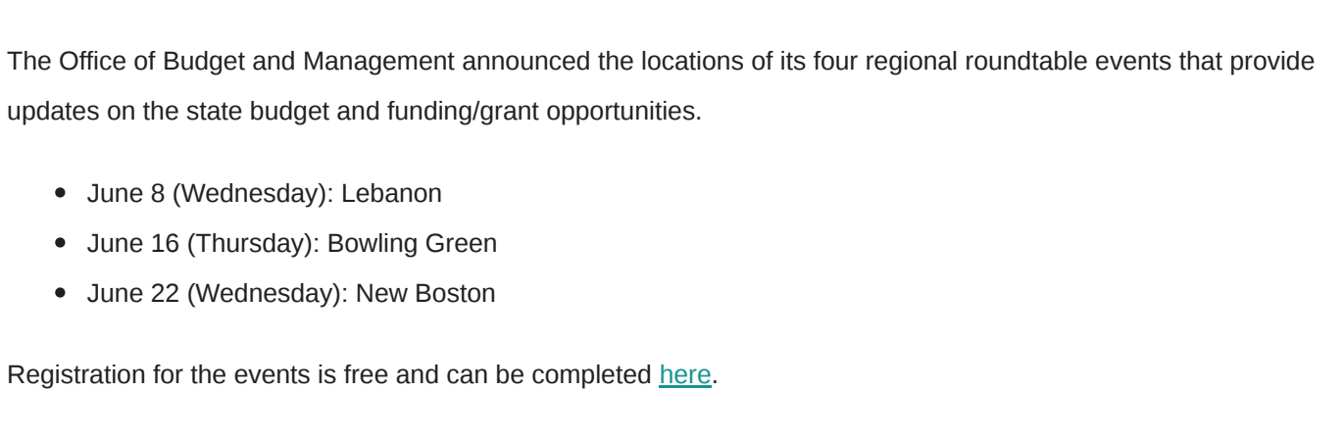
Office of Budget and Management announces 2022 budget roundtable events

The Office of Budget and Management announced the locations of its four regional roundtable events that provide updates on the state budget and funding/grant opportunities.

- June 8 (Wednesday): Lebanon
- June 16 (Thursday): Bowling Green
- June 22 (Wednesday): New Boston

Registration for the events is free and can be completed here.

Save the Date! CCAO Workforce, Families and Children Symposium



CCAO
WORKFORCE, FAMILIES AND CHILDREN SYMPOSIUM
AUGUST 25-26, 2022
SAVE THE DATE

CCAO will hold a Workforce, Families and Children Symposium on August 25-26 at the Cherry Valley Hotel in Newark. Commissioners, county executives, and county council members are encouraged to attend to learn more about important issues that every county faces.

Session topics will include workforce panels with business and county leaders, an examination of the children services landscape with an eye on rising placement costs, and early intervention services, among others.

Registration will open in June and cost $50 per person (this does not include reservations at the hotel).

The event will coincide with the CCAO Board of Directors August meeting which attendees are welcome to attend.

CCAO Platform Survey available!

It's that time again when CCAO develops our platform for the upcoming General Assembly. To aid the development the CCAO Policy Staff has circulated a survey to commissioners, county executives, and county council members. We encourage you to complete the survey to let the Policy Staff know what issues are important to you!

The survey link was circulated via enews@ccao.org with the subject line "CCAO Platform Development Survey." You can search your inbox to find the link or feel free to reach out to Research Analyst Nick Ciolli at nciolli@ccao.org to request the link.

STATE AND FEDERAL NEWS

Ohio's Youth and Family Ombudsmen Office opens

Ohio's first Youth and Family Ombudsmen Office officially opened on May 31, aiming to give youth and families a greater voice in the foster care system.

The Office was one of the recommendations by the Children Services Transformation Advisory Council, a council created in 2019 to hear directly from those who have experienced the children’s services system first-hand and make recommendations to help children’s services better meet the needs of the families they serve.

Youth wishing to bring a matter before the Youth Ombudsman can call 1-877-649-6884 or 1-877-OH-YOUTH, Monday –Friday between the hours of 8 a.m. – 5 p.m. They can also submit their concern online at YouthOmbudsman.ohio.gov.

Individuals or families wishing to report unresolved concerns to the Family Ombudsman can call 1-877-649-6884 or 1-877-OH-YOUTH, Monday –Friday between the hours of 8 a.m. – 5 p.m. They can also submit their concern online at FamilyOmbudsman.ohio.gov.

General Assembly passes capital budget

On June 1, the General Assembly passed the biannual capital appropriations bill. The bill totals $3.5 billion in appropriations, including $50 million for county jail construction and $191 million for local community projects.

You can read more about the capital budget in last week's Statehouse Report.

EDUCATION AND GRANTS

CCAO Service Corp to host financial technology utilization webinar

The CCAO Service Corp is hosting a webinar designed for our commissioners, administrators, county auditors and county treasurers to introduce ”three+one” - a program for liquidity analysis and data management. The webinar **Tips & Best Practices for Cash/Liquidity Management** will be on June 22 at 10:00 AM. During the 30-minute presentation, three+one’s Relationship Specialist, Team Lead, Alex DeRosa, will cover how new technologies can help you streamline various functions of your county’s cash management using innovative financial technology.

In 2019, the National Association of Counties, FSC endorsed three+one as a national best practice. Three+one provides a number of benefits to counties, but ultimately provides an independent, third-party analysis and new data insights that helps counties execute borrowing, investing and banking services & structures with ease and impact.

During this 30-minute presentation, three+one’s Relationship Specialist, Team Lead, Alex DeRosa, will cover how new technologies can help your county streamline various financial management functions through the use of innovative financial technology.

You can read more about the webinar here and register here.

Ohio EPA to host upcoming webinars

The Ohio EPA will be hosting two webinars in June that counties may wish to attend.

The first will take place on June 9 at 2:00 p.m. It will focus on regulation and funding of household sewage treatment systems. These systems are regulated by local health districts, the Ohio Department of Health, and the Ohio EPA. The webinar will include information about grant opportunities for local health districts to assist homeowners in repairing or replacing these systems. Additionally, this webinar will count as one hour of Continuing Education Units for Registered Environmental Health Specialists and Environmental Health Specialists in Training. You can register for the webinar here.

The second webinar will be held on June 21 at 10:00 a.m. and pertains to stormwater permitting requirements of industrial activity. The Ohio EPA industrial stormwater general permit recently changed, and this webinar will provide an important overview of the changes. This webinar will also count towards Continuing Education Units for a number of categories. You can register for the webinar here.

Additionally, on July 26 at 11:00 a.m. the Ohio Bureau of Workers' Compensation will host a webinar about Ohio EPA regulations and how businesses can ensure they remain in compliance. Continuing education and BWC discount program credits will be available for this webinar as well. You can register for the webinar here.

U.S. Department of Transportation opens Safe Streets and Roads for All application portal

The U.S. Department of Transportation has opened the application window for the Safe Streets and Roads for All grant program. The program will provide grants to governments for projects and strategies aimed at preventing roadway deaths and injuries.

More information regarding the program can be found here.

Additionally, the Department will hold three webinars in June to help potential applications learn about the program and how to best prepare an application. These webinars will be held on June 13, June 15, and June 23.

The last day to submit applications is September 15, 2022.

Governor announces availability of first responder recruitment and retention grants

On May 5, the Emergency Management Agency began accepting applications for the Ohio First Responder Recruitment, Retention, and Resilience Program.

A total of $70 million in grants is available, earmarked from $250 million in American Rescue Plan Act funding that the state dedicated to first responders.

Among permissible uses of grants are wellness programs addressing unique mental, physical, and emotional health issues that first responders face; recruitment and retention efforts; onboarding and training costs; and programs to engage young adults about careers as first responders.

Grant applications will be accepted until June 17 at 5 p.m.

More information about the program and the application can be found here and here.

ARPA and BIL RESOURCES

Back to Top

This section of Counties Current will be a permanent fixture for the foreseeable future to help counties with the ins and outs of the American Rescue Plan Act and the Bipartisan Infrastructure Law. These two laws provide a once-in-a-generation investment.

NACo provides guidance and overview of available BIL funding

NACo hosts a resource page providing information to counties about the Bipartican Infrastructure Law. The page is rich with information including multiple tables providing overviews and links to funding opportunities, a timeline of upcoming grant programs, and much more.

The website can be found here. CCAO strongly encourages counties to frequently visit the site and apply for funding through the myriad of programs to bring valuable federal funds to Ohio communities.

NACo provides overview of U.S. Treasury's allocation of second ARPA Recovery Funds tranche

On May 26, NACo provided statewide associations an update that the U.S. Treasury has begun the process of allocating funds from the second tranche of the ARPA Recovery Fund.

Key highlights to the second tranche payment process include:

1. All counties must have an active SAM.gov registration in order to receive their second tranche of funding
2. Effective **April 4, 2022,** the federal government switched service providers and stopped using the DUNS number and began using the Unique Entity ID (UEI) – **All counties are required to switch from a DUNS number to a UEI**
3. If a county’s SAM.gov registration expired (12-month coverage) before it is due to receive its second tranche payment (and after April 4, 2022) the county is required to re-active its SAM.gov registration, which will require them to adopt a UEI (instead of a DUNS number) **PRIOR TO** receiving their second tranche

Process for Counties to Receive Second Tranche ARPA Recovery Fund Payment

- Section 603 of ARPA provides payments to eligible local governments in two tranches, with the second tranche payment being made no earlier than 12 months after the first payment
- Consistent with this requirement, Treasury expects to provide second tranche payments to local governments **approximately 12 months after their first payment**
- In the coming weeks, Treasury will open the submission portal in a phased approach, **allowing counties to access the portal for 30 days prior to their second tranche payment date**
- Counties will receive a notification from Treasury by email letting them know that they can enter the portal – **it is very important to make sure that the assigned point of contact is still available to receive future communications**
  - The **point of contact is the individual designated in the portal during the first tranche submission** who will receive email notifications on submission status, including any issues found during the verification and communication regarding payments
  - The **individual entering the portal for the second tranche submission will be the same individual with the registered** ID.me who submitted for the first tranche allocation
  - If that individual is no longer with the county and you need to designate a new individual, email COVIDReliefITSupport@treasury.gov with the subject line “Entity Name – Update to Designated Individuals” and include the role that needs to be updated along with the full name, title, email and phone number of the new person designated
- After the email is received by the county, the point of contact will be able to update their entity information to include banking information in the portal
- In preparation for the second tranche payment, counties should ensure their SAM.gov entity registration is still active – **all counties are required to have a SAM.gov registration to receive their second tranche payment**
  - Note that on **April 4, 2022,** the federal government changed service providers and stopped using the DUNS Number and began using the Unique Entity ID (UEI) in SAM.gov to identify entities
  - All counties, even those already registered in SAM.gov, must validate their entity information through the new service provider
  - Counties may need to provide additional supporting documentation through the new system
  - The General Services Administration (GSA) released FAQs to support counties through this new process
  - **Counties are required to renew their SAM.gov registration every 12-months. If a county’s SAM.gov registration expired (12-month coverage) before it is due to receive its second tranche (and after April 4, 2022) the county is required to re-active their SAM.gov registration, which will require them to adopt a UEI (instead of a DUNS number) PRIOR TO receiving their second tranche**

If you have any questions, please contact Eryn Hurley, Director of Government Affairs for NACo, at ehurley@naco.org.

JobsOhio's American Rescue Plan Guidebook is available

JobsOhio’s revised ARPA Guidebook is available for download at the following address: https://www.jobsohio.com/american-rescue-plan-guidebook/

The Guidebook is a resource for local leaders looking to maximize the impact of ARP funds and become better informed about ARP funds and potential investments. The Guidebook is a result of conversations with local, regional, and state leaders to learn their plans for ARP funds, share best practices, and support leaders in maximizing the potential economic impact of ARP funds.

Ohio leaders identified three priority investment areas that are broadly aligned to Treasury Recovery Fund objectives:

- Build a more resilient workforce by investing in talent hard-hit by the pandemic (e.g., support for training for high-demand skills for individuals in qualified populations and those disproportionately impacted by the pandemic)
- Upgrade critical infrastructure to revitalize communities and support Ohio’s economy (e.g., expanding digital infrastructure coverage)
- Support the small businesses and industries most negatively impacted by the pandemic (e.g., scale access to grants/loans for SMBs)

Resources for ARPA Reporting and Compliance

Counties and other local governments are required to submit their ARPA financial reports to the US Treasury no later than April 30. With this date fast approaching, the following resources are available to help CCAO members to navigate reporting requirements:

US TREASURY WEBINAR ON REPORTING GUIDELINES FOR THE STATE AND LOCAL FISCAL RECOVERY FUNDS
National Association of Counties and US Treasury
Webinar recorded April 21, 2022
Join NACo for a review of the Treasury Department’s webinar on reporting guidelines and compliance requirements for the Coronavirus State and Local Fiscal Recovery Fund program. NACo staff will be available to answer questions on the upcoming deadline for the Project and Expenditure Report, which is due April 30. To view the slides and recording of the webinar, click here.

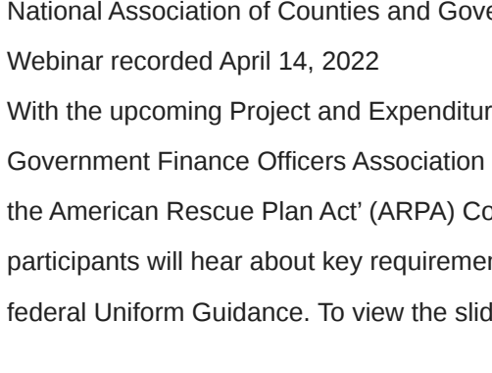
ARPA FISCAL RECOVERY FUND: OVERVIEW OF REPORTING REQUIREMENTS AND UNIFORM GUIDANCE
National Association of Counties and Government Finance Officers Association
Webinar recorded April 14, 2022
With the upcoming Project and Expenditure Report deadline fast approaching on April 30, join NACo and Government Finance Officers Association for an overview of what you need to know when it comes to reporting for the American Rescue Plan Act’ (ARPA) Coronavirus State and Local Fiscal Recovery Fund. During this session, participants will hear about key requirements as they related to the U.S. Department of Treasury’s guidance and the federal Uniform Guidance. To view the slides and recording of the webinar, click here.

OVERVIEW OF PROCUREMENT OF CAPITAL PROJECTS USING ARPA FUNDS
CCAO and Bricker and Eckler, Attorneys at Law
Webinar recorded April 13, 2022
This webinar discusses procurement rules applicable to a county’s use of its funding from the Local Fiscal Recovery Fund under the American Rescue Plan Act. Counties ultimately need to comply with both state and federal law, and Bricker and Eckler attorneys will review the rules and procedures required under both sets of law, including where the processes are similar and where they diverge. To view a recording of the webinar, click here.

NACo provides updates on ARPA funding

NACo refreshed a major update of its analysis of Treasury’s Final Rule for the ARPA Fiscal Recovery Fund. The updated analysis includes, but is not limited to the following:

- Clarifying information on eligible/ineligible uses from Treasury, including capital expenditures
- Deeper dive on the provisions around revenue loss allocations
- Treatment of loans
- Reporting requirements and background information on federal Uniform Guidance/2 CFR Part 200



To see a concise summary of the final rule for the Recovery Fund, please see the Overview Document.

NACo members with questions should contact Eryn Hurley, director of Government Affairs, at ehurley@naco.org.

'Something we're not going to see again.' Commissioners approve contract to host World Cup
Cincinnati Enquirer, May 25, 2022
Hamilton County commissioners on Thursday agreed to host World Cup soccer matches in 2026, if Cincinnati is selected as a site.

That agreement will include at least $10 million in renovations to Paul Brown Stadium.

The three-member Hamilton County Board of Commissioners voted 2-0 to approve an agreement with FIFA and the Cincinnati USA Convention and Visitors Bureau to hold World Cup matches in 2026 in Paul Brown Stadium.

Commissioner Alicia Reece abstained. Commissioners Stephanie Summerow Dumas and Denise Driehaus voted in favor. All are Democrats.

County commissioners begin process to sell J-M Water District
The Vindicator, June 4, 2022
Mahoning County commissioners on Thursday approved a resolution to start the process of selling its Jackson-Milton Metro Water District.

Audrey Tillis, county administrator, said the commissioners are trying to determine whether it would be more beneficial for water district customers to have the system operated by a larger water provider than the Mahoning County Sanitary Engineer’s Office.

The Jackson-Milton Metro Water District is the county’s only water district.

Could new regulations force Wilde, Strickler to join Weight Watchers?
Norwalk Reflector, June 2, 2022
The Huron County Board of Commissioners discussed Thursday ongoing boiler troubles at the county’s downtown office building and proposed reformulations regarding collections of the Ohio gasoline tax.

Huron County Director of Operations Pete Welch told commissioners he had received a previous quote from Energy Controls, of Independence, which was involved with the installation of the building’s three boilers in 2007. The company informed him in April the boilers required replacement at a cost of $207,968. The county’s insurance carrier, County Risk Sharing Association (CORSA), had contacted BoilerTech, of Columbus in May, and received an opinion that the boilers could be repaired at a cost of $36,478.

Welch said he was informed by BoilerTech the project would be considered outside its territory, so the company would not accept the project.

Multiple black bear sightings reported in Lake County
News5 Cleveland, May 31, 2022
A black bear was spotted Tuesday morning in Concord Township, according to authorities.

The bear was spotted near Oakridge Drive, according to a Facebook post from Lake County Sheriff Frank Leonbruno

A black bear was also spotted in Lake County on May 25, according to a Facebook user who posted photos of the sighting.

The Lake County Sheriff’s Office reports that there have been 191 sightings in the last year throughout the state of Ohio. They are the most common bear in the area and are more frequently seen in Ashtabula, Lake and Geauga counties.
