Roads, Bridges and Other Sexy Things: Update of the Ohio Public Works Commission Programs

CCAO is pleased to offer a one-hour "Overview of Ohio Public Works Commission Programs" webinar on August 13 at 9:30 a.m. The Ohio Public Works Commission (OPWC) was created initially in 1987 to administer the State Capital Improvement Program (SCIP), which was soon joined by the Local Transportation Improvement Program. These programs, which run concurrently, are solicited, scored and selected by the 19 District Integrating Committees according to each district's schedule. In 2000, the OPWC became responsible for the administration of the Clean Ohio Conservation Green Space Program in which applications are solicited, scored, and selected by the 19 Natural Resource Assistance Councils (NRACs).

Topics to be addressed include:

- State Capital Improvement Program (SCIP),
- Renewal of SCIP,
- Local Transportation Improvement Program (LTIP), and
- Clean Ohio Program.

SPEAKER

Michael Miller, has served as the director of the Ohio Public Works Commission since 2008. Prior to becoming director, Mike served as the Commission's legislative liaison and program representative and held various staff positions in the Ohio Senate. Mike received a Master of Arts in Political Science—Public Administration and a Bachelor of Arts in Organization Communication from The Ohio State University.

Participants in the webinar may pose questions to the presenters who will respond during and after the power point presentation.
