Records Retention Policies: How Long Do We Keep This Record?

CCAO is pleased to offer a webinar on “Records Retention Policies: How Long Do We Keep This Record?” on February 8 at 9:30 a.m.

The first part of the webinar will cover how to determine retention periods and the role each records commission member plays in the analysis and approval process. The state approval process and the records deposition process will also be discussed, in addition to managing records during transitions or employee separations. In the second half of the webinar, the speaker will use a unique and entertaining scenario to illustrate media formats, permanence and the factors that go into deciding on what format to retain records.

Speaker: Pari Swift is the senior record manager at the Ohio Attorney General’s Office, where she is responsible for developing a sound records management program and is an integral part of the document/records management system implementation team. She previously worked at the Ohio History Connection in State Archives serving as the local government archivist and then as assistant state archivist. Pari is a Certified Records Manager and is Past-President of the National Association of Government Archivists and Records Administrators. She has a Masters of Library and Information Sciences degree from the University of Pittsburgh.
