Legislative Update on New Federal Initiatives Affecting Counties

CCAQ is pleased to offer a one-hour webinar on March 8 at 9:30 a.m. presenting a “Legislative Update on New Federal Initiatives Affecting Counties”.

With a new president and new Congress, a lot is happening in our nation’s capital—including actions that impact our nation’s counties. Join this webinar and hear from the National Association of Counties’ Legislative Director, Deborah Cox, about NACo’s top policy priorities and new advocacy efforts, and what lies ahead from a legislative and regulatory perspective.

This webinar will focus on:

- How the new makeup of Congress is impacting the political environment
- The goals and priorities of Congressional leaders and President Trump
- The status on issues like regulations, health, infrastructure and tax reform

Deborah Cox joined the National Association of Counties (NACo) in 2012 and currently serves as the Legislative Director. In this capacity she is responsible for legislative and executive branch outreach, advocacy of the association’s legislative priorities and policy development. Before joining NACo, Cox served as the Director of Government Relations and Legislative Affairs for the National Association of Development Organizations which represents the nation’s local government-based regional planning and development organizations. Previously, she worked on Capitol Hill for Congressman Rodney Alexander from Louisiana. Prior to her time on the Hill, Cox worked for The Livingston Group (former House Appropriations Chairman Bob Livingston) and with the government relations firm Zeliff Enterprises (former Congressman Bill Zeliff).

Participants in the webinar may pose questions to the presenters who will respond throughout presentation. Click here to register for this exceptional educational opportunity.

If you experience difficulty in connecting to the link above and you wish to register for the webinar, please email Curt Pratt, CCAQ Program Assistant, and provide him with your email address. For additional information regarding the topic for this webinar, please contact Brad Cole, CCAQ Managing Director of Research.
