CEBCO Update on Benefits and Eligibility for Health Care Coverage

Benefits. As previously announced, CEBCO, working in partnership with our Medical/Rx provider, Anthem Blue Cross and Blue Shield, will cover all testing and related services, as well as, treatment for COVID-19 with no member cost share.

In addition, all LiveHealth Online medical and behavioral health visits will be covered with no member cost share for dates of service from 3/17/2020 through 6/14/2020. This will include PPO and HSA plans.

Eligibility. Due to Ohio's Stay-at-Home Order, CEBCO's eligibility requirements for county employees will be modified, through June 30, 2020. CEBCO will allow our member counties to continue health coverage for eligible employees even if the number of hours worked per week falls below full-time status. This would include employees no longer actively at work. Health coverage must be offered on a uniform, non-discriminatory basis to all eligible employees and the employee monthly premium contribution cannot be increased above their normal monthly contribution.

If there are any questions, please contact CEBCO Managing Director, Mike Kindell, mkindell@ccao.org, or (614) 220-0645 or any CEBCO Staff Member.
