Gov. DeWine's Press Conference: Ohio's Interim Draft COVID-19 Vaccine Plan

During today's press conference, Gov. DeWine announced that the administration has submitted Ohio's Interim Draft COVID-19 Vaccine Plan to the CDC, which outlines how decisions will be made once a vaccine becomes available. The draft plan will be available to the public this week on coronavirus.ohio.gov.

Additionally, the administration will release a registration tool for health care providers who would like to administer the vaccine once it becomes available (health departments, hospitals, pharmacies, nursing facilities, etc.).

The Ohio Department of Health (ODH) amended a directive to require all labs to start sharing all positive, negative, inconclusive, and invalid test COVID-19 test results with ODH. Collecting this data will help ODH give accurate positivity data by county.

In the next week, the administration will announce steps to help small businesses.

There was an increase of 2,015 total COVID-19 cases statewide from yesterday's data. There were 216 new hospitalizations reported in the last 24 hours. The governor emphasized again today that the numbers are trending in the wrong direction. For more COVID-19 numbers, visit coronavirus.ohio.gov.

Request for counties to share CARES Act spending plans with CCAO policy team

With CARES Act funds being distributed to local governments across the state, counties have a number of options for how they may utilize their funds. As your county decides how to spend its CARES Act funds, please share your ideas with the CCAO policy team. Your ideas can serve as valuable examples to other counties considering different funding options. Please send any resolutions or spending plans to Jon Honeck at jhoneck@ccao.org.
